

Designed to Perform and Excite

The **Vestalux V2** is a high-output, direct view linear outliner featuring Lumascape's UVGuard™ Technology. The linear offers best-in-class photometric performance, with over 1,200 lm from a 4' (1.2 m) RGBW, and over 2,400 lm from a white luminaire. With Vestalux V2 luminaires on your project, imagination is the only limit!
